A scheme for housing the poor.

Mr. D. Venkataramiah and other members of the Representative Assembly.

*Summary of discussion.*—A scheme may be prepared for housing the poor. Town planning is very necessary, especially to diminish the loss of human lives caused by plague. Extensions may be formed and more funds placed at the disposal of the Local Bodies to encourage house building on a large scale under the following four systems:—

(1) Hire purchase system.

(2) Insurance system.

(3) The existing system of giving loans to persons who build houses and recovering the principal in easy instalments with interest.

(4) The system of building model houses under the agency of Trust Boards or Local Bodies and their sale to persons who have no houses.

*Reply of Government.*—Noted.
